

# Super Action 80 Series II

E-flat alto saxophone

The "Super Action 80 Series II" alto is no doubt the world's most popular professional alto saxophone. Its open sound, very rich in overtones, and excellent power of projection make it a particularly versatile instrument. In classic and jazz, its sound power and wide dynamic range put it in the top rank, ideal in the Quartet as well as in larger groups or orchestras. The extremely well balanced mechanism offers great precision in playing.

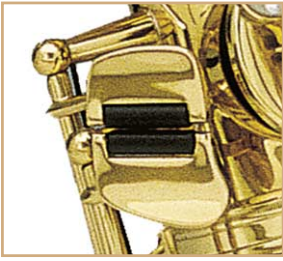

"Super Action 80 Series II" alto: the best in blowing...

Other available model :

- "Super Action 80 Series II" alto with harmonic key.

- key: E-flat.
- range: high F sharp.
- thumb rest: adjustable, in plastic.
- leather pads, metal booster.
- finishes: lacquered, lacquered with engraving, silver-plated, silver-plated with engraving.  
Optional: black, brushed, gold-plated.
- Selmer Paris mouthpiece.
- "Light", "Flight" or "Flightech" cases.

Optional neck: goldbrass.

**the keyword:** the positioning of the left- and right-hand little finger spatula groups affords particularly well-balanced handling.

**the high F sharp key:** the spatula design suits various playing positions and prevents the right hand from clenching.

**the left hand double F key:** a spatula shape replaces the traditional mother-of-pearl and combines comfort and efficiency for the left hand forefinger while improving the harmonics technique.

**the G/G sharp B-flat connecting arm** secures good balance of the left hand/right hand adjustment.

**the thumb rest:** in plastic, its shape and location have been studied to prevent fatigue and tension in the fingers.

**the cases:** three top-of-the-line cases, specially designed for the Selmer alto saxophone, ensure optimum protection:

- the Selmer Paris "Light" case in charcoal-grey cordura,
- the Selmer Paris "Flight" case in black, beige or maroon ABS,
- the Selmer Paris "Flighttech" in high-resistance polyethylene with a PVC-coated cover.
